Introduction to Benefits

Welcome to DC Public Schools!

We are pleased that you have joined us as an employee of DC Public Schools (DCPS)! In this Employee Benefits Guide you'll find information to help acquaint you with our full range of benefits.

Who is eligible for health benefit coverage?

District of Columbia Public Schools provides a comprehensive benefits plan to the following employees and their eligible dependents:

- All Full-Time Permanent Employees
- All Part-Time Permanent Employees who generally work at least 20 hours per week
- Employees with Temporary or Substitute Full-Time appointments of 13 months or at least paid for 30 hours per week (or 120 hours per month)

The employee's District Government service date determines which benefits plan is available. Employees who began benefits-eligible employment with the District Government prior to October 1, 1987 participate in the Federal Employees Health Benefits (FEHB) Plan, while employees with a District Government service date of October 1, 1987 or later participate in the District of Columbia Employees Health Benefits (DCEHB) Plan.

The chart below lists all dependents eligible for health insurance. You are required to provide social security numbers and dates of birth for all dependents.

DEPENDENT	PLAN TYPE
Legally Married Spouse	Federal and District Plans
Domestic Partner <ul style="list-style-type: none"> - Common Law Spouse - Same-Sex Partner 	District Plan Only
Unmarried Children <ul style="list-style-type: none"> - Until reaching age 26 	Federal and District Plans
Disabled Adult Children Note: Child must have been disabled before age 22	Federal and District Plans

Additional Details

Health coverage does not begin on the first day of employment. Coverage for health insurance and additional optional benefits takes effect on the first day of the pay period following your online enrollment. **The provider mails health insurance cards approximately four to six weeks after the online application is processed.**

The District carries the majority of the cost of health benefits coverage with a 28% supporting contribution from you. Your share is paid with pre-tax dollars deducted from each paycheck. If you are enrolling a domestic partner, your share is paid with after-tax dollars deducted from each paycheck.

In order to carry newly elected health insurance coverage into retirement, new coverage must be in effect for the five years of service immediately preceding the retirement date or the entire period of service during which coverage was available (if this period is less than five years).

Explanation of Benefits Options – Health Plans

Transgender Benefits Available through All Healthcare Providers

Through **all District healthcare providers**, covered transgender benefits include sexual reassignment surgery and mastectomy with chest reconstruction, in addition to mental health and hormone therapy services. Cost sharing is the same as cost sharing for other medical services (e.g., inpatient hospital cost sharing, office visit cost sharing, etc.)

Healthcare Reform Update

The Affordable Care Act (“ACA,” also known as “health care reform”) was passed in 2010. This law is intended to extend access to medical coverage to nearly everyone in the U.S. and to eliminate restrictions on key benefits. On January 1, 2015, the Government began to require almost everyone in the U.S. to have medical insurance coverage. Those who don’t have medical coverage will pay a penalty -- this requirement is called the “individual mandate.” (The only exception to this requirement is if you earn below a certain level of income.)

Note that eligibility for healthcare benefits has been extended to include some temporary and intermittent employees (i.e., employees who work for at least 90 days within a 12-month evaluation period and are paid at least 30 hours per week (or 120 hours per month). Employees falling into this category are **eligible to participate only in a HMO healthcare plan**.

2016 Health Benefit Plan Options (District Employees Only)

The Explanation of Benefits (EOB) below pertains to employees participating in the District of Columbia Employee Health Benefits Plan only. Employees receiving health and life insurance benefits through the Federal Employees Health Benefits Plan should obtain more information by contacting the Benefits team via email at dcps.benefits@dc.gov.

DCPS offers the flexibility of selecting a HMO, PPO, or CDHP plan option for health insurance coverage. There are distinct differences among each option:

Health Maintenance Organization (HMO): Aetna, Kaiser Permanente

- Requires you to select a primary care physician within plan network of providers (*Kaiser only*)
- Requires that you obtain a referral for specialist care (*Kaiser only*)
- Services rendered by out of network providers will not be considered as eligible expenses under the plan

Open Choice (PPO): Aetna

- No primary care physician selection required, no referrals needed
- Provides both in and out of network benefits
- Provides nationwide coverage for non-emergency care

Nationwide Choice (HMO): United Health Care

- No primary care physician selection required, no referrals needed
- Plan provides nationwide coverage for services rendered by physicians seen within network
- Services rendered by out of network providers will not be considered as eligible expenses under the plan

Consumer Driven Health Plan (CDHP)

- No primary care physician selection required, no referrals needed
- A Health Savings Account (HSA) is available with this plan, where the employee maximum contribution is \$3,100 for Self, \$6,250 for Self+1, and \$6,250 for Family (unused funds roll over into the following year and are portable)
- Employees cannot participate in both CDHP and a Healthcare Flexible Spending Account

NOTE: All of the healthcare providers require employees to maintain a local address in PeopleSoft.

Explanation of Benefits – Life Insurance

DCPS offers several Life Insurance options to eligible employees. Benefits eligible employees hired on or after 10/01/1987 participate in the District of Columbia Employees Group Life Insurance (DCEGLI) Plan.

Basic Life Insurance

Coverage begins on Day 1 of employment and you are automatically enrolled in the benefit **unless you decline** coverage. Basic life insurance is equal to 1x your annual salary (rounded up to the nearest \$1,000) plus \$2,000.

You cannot elect supplemental life insurance unless you elect to enroll within 31 days of your hire date.

Supplemental Life Insurance

To enroll in supplemental options, you must be enrolled in the Basic Life insurance option. Rates are based on age and salary.

Standard: Option A

Additional \$10,000 worth of insurance coverage

Additional: Option B

Additional coverage equivalent to one up to five times your annual salary

Family: Option C

- \$10,000 life insurance for eligible spouse
\$10,000 life insurance for eligible dependent child
- \$25,000 life insurance for eligible spouse
\$10,000 life insurance for eligible dependent child
- \$50,000 life insurance for eligible spouse
\$10,000 life insurance for eligible dependent child

NOTE: Employees have the ability to decrease supplemental life insurance at any time. However, if you waive Basic Life or decline one or more of the options, your opportunity to cancel your waiver or enroll in a supplemental option you previously declined is strictly limited.

In order to carry newly elected life insurance coverage into retirement, new coverage must be in effect for the five years of service immediately preceding the retirement date or the entire period of service during which coverage was available (if this period is less than five years).

A waiver or cancellation of coverage also may affect your eligibility for continuing coverage into retirement.

Accidental Death and Dismemberment Insurance (AD&D)

This additional benefit is provided at no cost to the employee. Coverage is equal to 1x annual salary plus \$2,000, and the full benefit is available until age 35. Beginning on the employee's 36th birthday, AD&D coverage decreases by 10% each year until age 45. At age 45, AD&D is no longer available to the employee.

Explanation of Benefits Offered – Supplemental Insurance

Supplemental Insurance plans provide security, peace of mind, and satisfaction in knowing that you have taken a step toward securing your income during a period of disability. Plans offered to DCPS employees include:

Short Term Disability Coverage

Short Term Disability (STD) is designed to pay a weekly benefit to you in the event that you cannot work due to a covered illness or injury. This benefit replaces 66.3% of your income, thus helping you to meet your financial commitments in a time of need. Short Term Disability may be used in conjunction with annual or sick leave.

If you become disabled and your claim for STD benefits is approved by The Standard, benefits may be payable for up to 180 days, following the benefit waiting period. The benefit waiting period is a specified number of days during which you must remain continuously disabled. STD benefits are not payable during the Benefit Waiting Period.

The Benefit Waiting Period is 20 days for the following causes of disability:

- Accidental injury
- Physical disease, pregnancy, or mental disorder

Long Term Disability Coverage

Long Term Disability (LTD) insurance is designed to pay a weekly benefit to you in the event that you cannot work due to a covered illness or injury. If you become disabled and your claim for LTD benefits is approved by The Standard, LTD benefits become payable after you have been continuously disabled for 180 days and remain continuously disabled. LTD benefits are not payable during the Benefit Waiting Period.

The Benefit Waiting Period is 180 days for the following causes of disability:

- Accidental injury
- Physical disease, pregnancy, or mental disorder

The coverage can help with the everyday bills, such as the mortgage or rent, that continue even when you can't work. LTD may be used in conjunction with annual or sick leave. The maximum monthly benefit is equal to \$7,500 (depending upon annual salary), with worldwide coverage provided and a waiver of premiums while disabled. If you become disabled before age 62, LTD benefits may continue during disability until you reach age 65.

Travel Assistance

Travel Assistance is a comprehensive program of information, referral, assistance, transportation, and evacuation services designed to help you respond to medical care situations and many other emergencies that may arise during travel. Travel assistance also offers pre-travel assistance, which gives you access to information on things like passport and visa requirements, foreign currency, and worldwide weather. All services are provided by one of the most experienced assistance companies in the United States, FrontierMEDEX.

Employees who are enrolled in DCPS Basic Life Insurance are automatically covered by Travel Assistance. Coverage also extends to the employee's spouse (domestic partner) and children through age 25, regardless of student or marital status.

AFLAC Indemnity Plan

AFLAC offers a distinct type of protection. Unlike major medical health insurance, AFLAC pays **you** (unless otherwise assigned), **not** the doctor or hospital. Note that AFLAC does not replace medical insurance – it is an additional benefit that provides cash benefits and allows you to spend them as you like to help with the financial challenges an accident or illness may impose. Types of medical issues covered include:

- Cancer/Specified-Disease
- Hospital Confinement Sickness Indemnity
- Hospital Confinement Indemnity
- Specified Health Event
- Accident Indemnity

For more information, visit www.aflacclients.com/dcgov/Welcome.aspx or contact the AFLAC Customer Service Line at 202.442.9718.

NOTE: You are required to meet with an AFLAC Customer Care Representative to complete the enrollment process. If you do not meet with an AFLAC representative, the elections made through PeopleSoft will not be honored and all AFLAC deductions will be returned to you as taxable income.

Employee Assistance Plan

The Employee Assistance Program (EAP) is a free, confidential, 24/365 service for employees and their immediate family members age 18 and older. Following are the two providers employees may contact for EAP services.

Inova Employee Assistance Program is a comprehensive, top ranked international provider of employee assistance services. Explanation of Benefits Offered – Flexible Spending Accounts

New 2016 – New Provider for Flexible Spending Accounts (FSA)

Starting in 2016 the District will utilize a new provider, Benefit Resource, Inc., for Flexible Spending Accounts. This provider will allow participants to use a single debit card to directly access funds saved through pre-tax spending account deductions. This debit card can be used to pay for eligible healthcare, transit, and parking costs and is accepted at WMATA metro kiosks for direct purchases and reloading SmartTrip cards. Reimbursement checks will be issued for claims filed for eligible dependent care expenses.

DCPS offers all benefits-eligible employees the opportunity to participate in Flexible Spending Accounts (FSA) for Healthcare, Dependent Care, Commuter Transit, and/or Commuter Parking. These pre-tax accounts allow you to pay your work-related daycare, out-of-pocket medical, dental, vision, and transportation expenses on a pre-tax basis. Note that a **FSA only can be added during Benefits Open Enrollment**; however, with a life change event, a FSA can be increased or decreased within 31 days of that event.

Why should I use ESS?

PeopleSoft Employee Self Service (ESS) is the most convenient way to view, manage, and update your DCPS personal and pay information. How to Log into Your PeopleSoft Employee Self Service Account

1. Log onto Employee Self Service.
If you are using a computer on the DCPS network use <http://pshcm.dc.gov>.
If you are using a computer from home or outside the DCPS network use <http://ess.dc.gov>.

Health Coverage Options

The most up-to-date premium rates are provided within the health coverage options section below. Please note that you have the option to have your health insurance premiums deducted pre-tax, which allows your premiums to be deducted from your gross pay prior to taxes being calculated. You may wish to consider this option if you want to reduce your taxable salary.

If you are enrolling a domestic partner (same-sex or common law) or a domestic partner and children, you must elect to have your benefits deducted after-tax. Therefore, your premiums will be deducted from your gross pay after taxes are calculated.
